Thank you for accepting this leaflet. Inside you will find information about the Carlight Owners Club, why we exist and a little of our history. If you own a Carlight caravan we would welcome you to apply for membership. If not you can still become an associate member.

INFORMATION ABOUT THE CLUB

The Carlight Owners' Club was formed in 1962, the brain-child of Lt Col Tom Boam, who at that time was the Foreign Touring Advisor to the Caravan Club. It was established at the Stamford Hotel, Stamford in May 1962. The Club was, and still is, a national organisation, so some Members tow long distances to rallies.

The founding members decided that the Owners' Club would meet at the beginning of the caravanning season in May and at the end of the season in September; one rally to be held in the northern half of the country, the other in the south. Times and attitudes of caravanners change, but the Carlight Owners' Club continues this tradition. The members, like their caravans, tend to be traditional in their values and the rally programmes reflect this.

The majority of vans within the club are the two berth Commander 152s. A fair number of members own pre 1980 'classic' models including the Continental, Caribbean, Cosmopolitan and Casetta. One member has recently been restoring a Caspian.

As a break with tradition the Club organised a rally in France in June 1997 at the request of the members. The first joint rally with the Carlight Enthusiasts Club was held at Metheringham in 2010 to coincide with Classic Caravans Ltd's annual open day. Our spring 2012 rally will be the 50th anniversary of the club's foundation.

Rallies are five or six days long, Thursday is arrival day, a wine & cheese evening is held on the Friday, a dinner on the Saturday night and on the Sunday most of the ralliers have a snack lunch on site. Departure day is Monday or Tuesday. There is much social activity and conviviality during the five days as old friendships are renewed and new ones made.

The club now has a website with a wealth of information and a register section where members can display a photograph of their caravan. This can be found at :
